

# Active Employee Discounts

Employee Discount Program

*Revised September 2019*

# The Program

We want you to be our biggest promoters of AT&T so we give you deep discounts on a variety of products and services to meet your lifestyle and needs. From Wireless to Video to Internet, discounts available to you through the Employee Discount Program can help you save on the combination of products that's right for you.

All active employees (management, non-management and non-management, non-union) on U.S. payroll (regular, temporary, term, provisional, and occasional) can enroll in discounts through the Employee Discount Program on their first day of employment.

International employees are not eligible for discounts on U.S.-based products and services. Student Interns and non-payroll workers are not eligible for discounts offered through the Employee Discount Program.

## Start by Reading Our Terms and Conditions...

You have to agree to the [Terms & Conditions](#) to participate in any discounts offered by the program. You may need to take action or change information on your account before you can enroll in the discount.

## Then, Learn About Our Products & Find Your Discounts...

The [Product & Customer Advocacy Training](#) on PLE will help you learn about AT&T products and services, and this document will help you learn more about discounts available through our program. Our discount offers include a 50% discount on wireless service, exclusive pricing on Internet and Internet Powered by AT&T Fiber, and video service from DIRECTV and AT&T TV NOW at a fraction of the consumer cost – plus savings from thousands of vendors through the Perks & Exclusive Employee Offers program.

We've summarized the discounts on the next page. Click on the product to find detailed information on each of the discounts included in our program.

*Note: Some of our products and services are not available in all areas, and with the exception of U-Verse products (TV, Internet and AT&T Phone), our discounts are not designed to work with unified and/or combined billing. Our billing systems may/may not apply your discount correctly if you have a unified and/or combined bill or had one in the past. You may have to take additional steps to de-unify your accounts before you can enroll in your discount. Complete de-unification can take 3-4 billing cycles. To de-unify your accounts contact Wireless Customer Care at 800.331.0500 or 611 from wireless phone. The best approach is to have individual accounts for each of the products you want to enroll in a discount.*

## And Take Action!

You will enroll in most of our discounts on the [Employee & Retiree Self-Service Site](#) (you might also hear it called the Discount Enrollment Portal or DEP), but you may need to do a couple of things before you can enroll. We've included information on how to enroll in your discounts with the detailed discount information included in this guide.

## Employee Status Changes

### Employees Who Leave the Company

When you leave AT&T, you are no longer eligible for discounts offered through the Employee Discount Program. You will remain financially responsible for the account and any contracts and other terms and conditions attached to your account. Your employee discount will be removed within 1-2 billing cycles, and your account(s) will be billed at the regular consumer rate(s).

You may be eligible for the [Employee Discount Program for Retired Employees](#) and discounts offered through that program. You are eligible for the Employee Discount Program for Retired Employees if you satisfy the post-employment eligibility rule in your applicable comprehensive medical program.

### Employees on Short Term and Long-Term Disability

Employees on short term disability (STD) are eligible to participate in the Employee Discount Program. Employees on long-term disability will not be eligible for the active employee discount once they leave Payroll. The discount will be removed within 1-2 billing cycles of the date an employee on long-term disability leaves/separates from the company, and the account(s) will be billed at the regular consumer rate(s). The employee may be eligible for a discount through the [Employee Discount Program for Retired Employees](#).

### Employees Who Pass Away

The discount will continue for 1-2 billing cycles following the date of the employee's death. After that time, the discount will be removed, and the account(s) will be billed at the regular consumer rate(s). The billing name must not be changed during this time period, or the discount eligibility will be discontinued.
