

Retiree Discounts

Employee Discount Program

Revised July 2019

The Program

We want you to be our biggest promoters of AT&T so we give you deep discounts on a variety of products and services to meet your lifestyle and needs. From Wireless to Video to Internet, discounts available to you through the Employee Discount Program can help you save on the combination of products that's right for you.

Your post-employment eligibility for discounts depends on your eligibility to participate in post-employment benefits.

You are eligible to participate in the Employee Discount Program (EDP) for retired employees if you satisfy the post-employment eligibility rule in your applicable comprehensive medical program or fall under a special separation provision of a bargaining contract or surplus agreement. Contact the AT&T Benefit Center (877.722.0020) if you have questions about your eligibility for post-employment benefits.

If you ARE eligible to participate in your applicable comprehensive medical program,

you may be eligible to participate in certain Employee Discount Programs (EDPs) for retired employees. Your discount eligibility could be impacted by a number of factors, including your primary residence, Legacy Company and net credited service (NCS).

If you ARE NOT eligible to participate in your applicable comprehensive medical program,

you are not eligible to participate in Employee Discount Programs (EDPs) for retired employees. The discounts you receive as an active employee will be removed from your account, and you will be charged consumer rates for products and services.

Start by Reviewing our Terms and Conditions & the Exit Checklist

You have to agree to the [Terms & Conditions](#) to participate in any discounts offered by the program. There are several things we check for when someone tries to enroll an account in a discount and on accounts receiving the discount. You may need to take a couple of steps before you can enroll your account.

The [Exit Checklist for Discounts & Offers](#) explains what happens to your discount when you leave AT&T, and any actions you need to take to get your discounts after you leave AT&T.

Then, Find Your Discounts...

This document will help you learn more about discounts available through our program. Our discount offers include a 30% discount on wireless service, exclusive pricing on Internet and Internet Powered by AT&T Fiber, and a 20% discount on video service from DIRECTV – plus savings from thousands of vendors through Perks at Work.

We've summarized the discounts on the next page. Click on the product to find detailed information on each of the discounts included in our program.

Note: Some of our products and services are not available in all areas, and with the exception of U-Verse products (TV, Internet and AT&T Phone), our discounts are not designed to work with unified and/or combined billing. Our billing systems may/may not apply your discount correctly if you have a unified and/or combined bill or had one in the past. You may have to take additional steps to de-unify your accounts before you can enroll in your discount. Complete de-unification can take 3-4 billing cycles. To de-unify your accounts contact Wireless Customer Care at 800.331.0500 or 611 from wireless phone. The best approach is to have individual accounts for each of the products you want to enroll in a discount.
